

TOWNE OPENS THE CAMPAIGN

He Tells the House Why the Republicans Should be Driven From Power.

AND DEMOCRATS INSTALLED.

On Rate Bill Question Charges President With Following the Duke of Rhode Island.

Washington, May 24.—Mr. Towne of New York, when he rose to address the house of representatives today under general debate on the diplomatic bill, was accorded an ovation by his associates on the Democratic side, a number of Republicans joining with them in giving him a friendly welcome.

CALLS CUSHMAN "FUNNY FELLOW."

Mr. Towne prefaced his remarks by an allusion to the speech made by Mr. Cushman (Wash.), when he denominated the "funny fellow" of the Republican party, wherein the latter spoke rather disparagingly of the change in Mr. Towne's politics.

REPUBLICANS CHANGED.

Instead, however, the Republican party changed its position on the money question between 1888 and 1896, and as he decided to be in a position to champion honestly his convictions, and as the Republican party had no convictions during those years, he got out of the Republican party.

DEMOCRATS "STAND PAT."

"Democracy," he said, "stands in principle today where it stood in 1896. We do not demand free coinage today. Why? Because we do not need it."

NOT IN EXPOSING BUSINESS.

He denied that he said he would "expose" the president, but said he did not think that was the proper place to present the charges against the present chief executive to magnify his office and to exercise powers not only beyond the traditional, but beyond the legal and constitutional limitations of that office.

PRESIDENT'S SHORTCOMINGS.

"There are many things that unfit him for a judicious, careful, just and deliberate discharge of high executive functions, and under the impression of which he has time and again gone beyond the legal boundaries of his place."

UNFORTUNATE ISSUE.

"It is not pleasant to examine," he said, "and I shall not examine the question of veracity between a high executive officer, and principal of the president of the United States, and other honorable and reputable gentlemen. It is enough to say that it is exceedingly unfortunate that this particular executive has the misfortune to raise a question of veracity with every public character he has come in contact with during his administration."

TRUSTS AND CANDIDATES.

"In the last campaign," continued Mr. Towne, "it was admitted in many places in this country that the accusations brought against the Republican party of complicity and partnership with these great economic forces that today prevail in the civilized world, were true."

SENATORIAL COMBINATIONS.

"In the senate of the United States combinations were made with some Republicans and many Democrats, and we are informed by the Record, and it is seldom challenged by the other side,

and which I believe is the truth, there was at one time arrived at an arrangement by which 47 or 50 votes, enough to pass the law, were assured to the president upon the basis of an agreement to the rate provision of the so-called Hepburn law providing for a suspension of intercountry injunction.

VAUNTED NON-PARTISAN BILL.

"Within 24 hours after that agreement was reached, without notice to his allies, even to his ally in his own cabinet, the attorney-general, the settlement of that arrangement, which is now said to be eminently satisfactory to the senator from Rhode Island, whose opposition to the president has been one of the chief glories of the president in the estimation of his chief admirers in the country, had triumphed, the Democrats were thrown out. This vaunted non-partisan rate legislation became a partisan Republican bill as far as the attorney-general was concerned, and the United States, shorn of his barbaric oriental power like another Caracacus, manacled and humbled, followed the chariot of the duke of Rhode Island.

WHAT IS THE RESULT?

"What is one of the results? Henceforth our fight is against the Republican party and its iniquity, and Roosevelt is out of the way. He has repudiated the Democratic party, and he is now bound hand and foot to the center of the other end of the Capitol that dominates the Republican policies in that body and he can never again act independently of his party, being bound to the party yoke."

DALZELL IN REPLY.

Representative Dalzell of Pennsylvania was warmly applauded as he rose to speak on the tariff at the conclusion of the speech of Mr. Towne. Mr. Dalzell declared that wages have risen twice as much as the number of wage earners.

NO ALTERATION DEMANDED.

He declared that the "facilities for education and intellectual progress which find opportunity for development only in a period of general contentment and prosperity, such as now exists," do not indicate that the public interest demands an alteration of our tariff laws.

DEFENDS PRICE SCALE.

Mr. Dalzell said that to the extent of our surplus production we sell certain kinds of goods abroad cheaper than at home, the kind of goods the sale of which promises us a foothold in foreign markets. Among other things, he declared the price of wheat benefits the country by keeping our mills going and our men from idleness, by maintaining the American wage and by giving us a foothold and ultimately to some extent, a command of foreign markets.

ERNEST DENIKE UNDER ARREST.

Charged With Shooting and Killing a Man on the Lombard Street Wharf.

DURING SAN FRANCISCO FIRE.

The Alleged Killing Appears to Have Been Wanton and Cruel.

San Francisco, May 24.—Ernest Denike, son of E. A. Denike, a wealthy San Francisco banker and capitalist, was arrested at his home at 3901 California street this afternoon and charged with manslaughter, and later released on \$5,000 bond.

On Friday afternoon, April 28, Denike, wearing the uniform of a lieutenant of the United States army, shot and killed an unknown man on the Lombard street wharf.

Denike is a well known mining engineer, who has seen military service in the Philippines. On the night of the earthquake he donned his old uniform and volunteered his services to the United States infantry. His tender was attacked and he was detailed on duty along the water front.

On Friday afternoon, April 28, a crowd of thousands were gathered on the Lombard street wharf and a number of refugees scrambled after the wharf, and one of these, evidently a middle-aged Italian or Mexican, was accosted by the drunken marine, who stabbed the man with a bayonet. The refugee succeeded in wresting the gun from the marine when an army officer rushed up and according to reports held the marine responsible of the affair, deliberately shot the man three times while he pleaded for mercy.

The man did not die immediately but it is alleged was allowed to lie on the wharf until 11 o'clock that night. It was then discovered that the man was dead, and his body was thereupon weighted and thrown into the bay. No report of the death was made to the coroner and it is alleged that no report of the occurrence was made at military headquarters.

For a long time the identity of the officer who did the shooting was shrouded in mystery.

AGREEMENT ON INDIAN APPROPRIATION BILL.

Washington, May 24.—Complete agreement has been reached by the conferees on the Indian appropriation bill on all points of dispute between the senate and house, and the report was signed today. The chief differences raised by senate amendments were disposed of by agreements as follows:

No allotment of lands in severalty to Indians on the various reservations shall become liable to the satisfaction of any debt contracted prior to the issuing of the final patent.

An appropriation of \$100,000 is made to purchase land for landless Indians in California.

A compromise substitute in relation to the sale or disposition of unallotted lands in the Coeur d'Alene reservation in Idaho was agreed to, and it was provided that any coal or oil deposits shall remain the property of the United States.

A compromise provision relating to the coal lands of the Choctaw and Chickasaw nations were adopted by the conferees, as follows:

"That the secretary of the interior is hereby authorized and directed to make a special and exhaustive investigation of the character, extent and value of the coal deposits in and under the segregated coal lands of the Choctaw and Chickasaw nations, Indian Territory, and the expense thereof, not exceeding the sum of \$50,000, shall be paid out of the funds of the Choctaw and Chickasaw nations in the treasury of the United States; provided that any and all information obtained under the provisions of this act shall be available at all times for the use of the Congress and its committee."

The conferees agreed to the senate amendment to carry into effect the provisions of the agreement entered into by James McLaughlin, an Indian inspector, acting on the part of the United States, and the tribes of Indians belonging to the Klamath Indian agency in Oregon. This agreement has been pending before Congress for 10 years. Under the treaty the lands ceded by the Indians comprised 621,824 acres, for which the United States was to pay \$67,000.

The conferees agreed to adopt the senate amendment to carry into effect the provision of the agreement with the Indians residing on the Colville reservation in Washington, entered into in 1881. Under this agreement those shall be set aside for the benefit of these Indians \$1,500,000 in full payment for 1,500,000 acres of land opened to them and their money. So in the Democratic party, lean and hungry, weary with its long wandering in the desert, hopeless, thirsty for patronage and power."

TEIS SMITH BANK.

The Four Principal Owners Are Indicted.

Peoria, Ill., May 24.—The four principal owners in the failed Teis Smith bank of Peoria, Ill., were indicted today under 125 counts each by the Tazewell county grand jury. The true bills each charge embezzlement and each count is based upon the charge of an individual depositor who placed money in the bank after evidence offered to the grand jury indicated the institution was insolvent.

The indicted men are D. C. Smith, the aged head of the firm, E. F. Unland, Conrad Luppen and Henry Block, Habbe Veldt and Luppe Luppen, also partners in the bank, were held by the jury to have had no knowledge of the bank's insolvent condition.

D. C. Smith was one time prominent in Republican politics in Illinois and defeated ex-Vice-President Adlai E. Stevenson for Congress.
